Specialist facials

Includes either galvanic, high frequency or vacuum suction

Your therapist will tailor this treatment to your specific needs using one of the following machines; Galvanic, High frequency, Faradic, Vacuum suction. Please allow 75 minutes.

£50.00	Contact reception or visit website for student availability	N/A
--------	---	-----

Microdermabrasion

Microdermabrasion is a deep exfoliating treatment using vacuum and crystal technology. The crystals are delivered at high speed to the surface of the skin and immediately vacuumed away. This technology removes the top layer of dead skin cells, revealing new, living cells restoring a healthy, refreshed glow. Its deep exfoliating effect can also help reduce pigmentation patches, stretch marks and scarring.

£50.00	Contact reception or visit website for student availability	N/A
--------	---	-----

Carlton tighten and tone

The ultimate facial. Using the latest technology to tighten tone and lift the contours of the face, and to reduce and smooth the appearance of fine lines on the face and neck. Improves skin texture and circulation. Please allow 90 minutes.

£50.00	Contact reception or visit website for student availability	N/A
--------	---	-----

We offer a course of facials with five for the price of four or 10 for the price of eight. Limited spaces with a Level 3 beauty therapist.
